

1996 Clarke Prize Laureate

Walter J. Weber, Jr., Ph.D., P.E., DEE

*Gordon M. Fair and Earnest Boyce Distinguished University Professor
University of Michigan at Ann Arbor*

Dr. Weber is internationally renowned for his seminal work in technologies and concepts for sustainable water supplies. He founded the Environmental and Water Resources Program and the Institute for Environmental Sciences, Engineering, and Technology at the University of Michigan, as well as the Great Lakes and Mid-Atlantic Hazardous Substance Research Center and the National Center for Integrated Bioremediation Research and Development.

Over the past 40 years, Dr. Weber has authored or co-authored four books and over 450 peer-reviewed technical and scientific papers. Among his honors, he was named a Diplomate in the American Academy of Environmental Engineers in 1975 and elected to the National Academy of Engineering in 1985. Currently, he is the Gordon M. Fair and Earnest Boyce Distinguished University Professor at the University of Michigan at Ann Arbor.
