# NATIONAL WATER RESEARCH INSTITUTE 

Technical Advisory Panel for<br>City of Santa Barbara's Subsurface Desalination Intake and<br>Potable Reuse Feasibility Studies

Wednesday, January 27, 2016
9:30 am - 12:00 noon

PUBLIC MEETING AGENDA

## LOCATION

Santa Barbara City Hall, Council Chambers Room 735 Anacapa Street
Santa Barbara, CA 93101

## CONTACTS

Jeff Mosher, NWRI
(714) 705-3722 (Mobile)

Jaime Lumia, NWRI
(714) 378-3278 (Office)

## Meeting Objectives:

- The City of Santa Barbara and its consultant, Carollo Engineers, will present the following:
- Conceptual design and initial technical screening analysis of subsurface desalination intake options.
o Preliminary information on regulatory and permitting requirements for potable reuse alternatives.
- The Technical Advisory Panel will conduct a technical review of the analysis presented.
- Members of the public will have an opportunity to comment on the information presented.

| 9:30 am | Agenda Item \#1: Welcome and Introductions | Jeff Mosher, National Water Research Institute (NWRI) |
| :---: | :---: | :---: |
| 9:35 am | Agenda Item \#2: Overview of the Panel Process | Jeff Mosher, NWRI |
| 9:45 am | Agenda Item \#3a: Conceptual Design and Initial Technical Screening Analysis of Subsurface Desalination Intake Options | City of Santa Barbara and Carollo Engineers |
|  | Agenda Item \#3b: Regulatory and Permitting Requirements for Potable Reuse Alternatives |  |
| 10:30 am | Agenda Item \#4: Questions from the Technical Advisory Panel on the Information Presented | Moderated by Amy Childress, Ph.D Panel Chair |
| 11:00 am | Agenda Item \#5: Public Comments | Moderated by Jeff Mosher, NWRI |
| 11:50 am | Agenda Item \#6: Wrap Up and Next Steps | Moderated by Jeff Mosher, NWRI |
| 12:00 noon | MEETING ADJOURNS |  |

This meeting is accessible to the physically disabled. To request a disability-related modifications or accommodation, contact Jaime Lumia at (714) 378-3278 or jlumia@nwri-usa.org at least five business days before the meeting. For more information about this Technical Advisory Panel, technical memoranda, and other meeting materials, go to http://www.nwri-usa.org/santa-barbara-panel.htm.

## NOTICE OF PUBLIC MEETING

Wednesday, January 27, 2016
9:30 am to 12:00 noon

# Technical Advisory Panel (TAP) for City of Santa Barbara's Subsurface Desalination Intake and Potable Reuse Feasibility Studies 

LOCATION<br>Santa Barbara City Hall, Council Chambers Room<br>735 Anacapa Street, Santa Barbara, CA 93101

Purpose: The National Water Research Institute (NWRI), a 501c3 nonprofit, invites interested persons to attend a public meeting (Meeting \#2) of an NWRI Technical Advisory Panel (TAP) review of the City of Santa Barbara's conceptual design and initial technical screening analysis of subsurface desalination intake options.

Background: In 2014, the Santa Barbara City Council directed staff to report back on a plan to evaluate the feasibility of subsurface desalination intake and potable reuse. The work products for the Feasibility Studies will be developed to satisfy the requirements of the City's amended Waste Discharge Requirements for the El Estero Wastewater Treatment Plant and support a future update to the City's Long Term Water Supply Plan to include alternatives considered in this study. For more information, visit http://www.nwri-usa.org/santa-barbara-panel.htm

Public comment: All are invited to attend this public meeting and provide comments on the project. Written comments can be submitted at the meeting or emailed to sfaubl@nwri-uwa.org before February 3, 2016.

For more information: For logistics, contact Jaime Lumia, NWRI, at jlumia@ nwri-usa.org or (714) 378-3278. For technical questions, contact Suzanne Faubl, NWRI, at sfaubl@ nwri-usa.org or (714) 378-3278.

This meeting is accessible to the physically disabled. Requests for disability-related modifications or accommodation should be made at least five business days prior to the meeting and should be directed to Jaime Lumia at (714) 378-3278 or jlumia@nwri-usa.org.
